## What does “comprehensive services for domestic abuse” mean?

- The state of Iowa is divided into **six regions** for victim services. **Each region is covered by at least one comprehensive domestic abuse service provider.**
- The **regions and service areas** (which counties providers cover) for the different victim service agencies are detailed on the **map above.**
- **Domestic abuse comprehensive services can provide the following services:**
  - Emergency **crisis response**
  - **24/7 crisis line**
  - Information on **victims’ legal rights and protections**
  - Information on the **criminal justice process**
  - **Emotional support** for survivors and their family members
  - **Safety planning**
  - Assistance with **Crime Victim Compensation** applications
  - **Medical advocacy**—meaning an advocate can be present with survivors for examinations, medical procedures, and tests related to the abuse.
  - **Legal advocacy**—meaning an advocate can help survivors understand their rights, be present during criminal justice proceedings, assist with communication with county attorneys’ offices, help understand how to file a protective order, and provide referrals for legal assistance. It’s important to remember that advocates are not attorneys and cannot provide legal representation.
  - One-on-one **counseling and support groups**
  - **Information and referral** to additional services/resources
