RE: Data Security Event Update

Talcott Resolution Life Insurance Company and its affiliate Talcott Resolution Life and Annuity Insurance Company (collectively "Talcott Resolution") previously notified your office of a cybersecurity event at a third-party vendor that resulted in unauthorized access to consumer personal information ("PI"). With the incident resolved and the investigation concluded, we are providing you with an update. Talcott Resolution requests that the information furnished here remain confidential.

A cybercriminal group known as "CLOP" exploited a zero-day vulnerability in a file transfer service (MOVEit Transfer) in use at Talcott Resolution's vendor, PBI Research Services ("PBI"), between May 29 and May 30. The group downloaded files containing the personal data of some Talcott Resolution customers in the form of name, date of birth, policy number, and Social Security number. PBI uses this information to conduct legally required searches on behalf of Talcott Resolution for policyholders that have passed away. The incident was limited to customer data within the MOVEit Transfer portal at PBI; Talcott Resolution's internal systems and data were not impacted.

Talcott Resolution worked closely with PBI throughout the incident to expeditiously identify the impacted data and notify the affected individuals. PBI's investigation concluded on June 26, and PBI mailed a total of 5,304 written notifications and offers of complimentary identity theft protection and credit monitoring to Iowa residents beginning July 19. A copy of the template letters sent to Iowa residents is attached for your reference.

At this time, Talcott Resolution considers the incident resolved. PBI reports that it patched all known vulnerabilities in MOVEit Transfer and has adopted additional safeguards to prevent future unauthorized access to consumer data.

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

Pension Benefit Information, LLC (“PBI”) provides audit and address research services for insurance companies, pension funds, and other organizations. PBI processes information about you as part of performing legally required services for an insurer engaged by your employer (or former employer) in connection with certain employee or retiree benefits arrangements, or for a company acting on such insurer’s behalf. PBI is providing notice of a third-party software event that may affect the security of some of your information. Although we have no indication of identity theft or fraud in relation to this event, we are providing you with information about the event, our response, and additional measures you can take to help protect your information, should you feel it appropriate to do so.

What Happened? On or around May 31, 2023, Progress Software, the provider of MOVEit Transfer software disclosed a vulnerability in their software that had been exploited by an unauthorized third party. PBI utilizes MOVEit in the regular course of our business operations to securely transfer files. PBI promptly launched an investigation into the nature and scope of the MOVEit vulnerability’s impact on our systems. Through the investigation, we learned that the third party accessed one of our MOVEit Transfer servers on May 29, 2023 and May 30, 2023 and downloaded data. We then conducted a manual review of our records to confirm the identities of individuals potentially affected by this event and their contact information to provide notifications. We recently completed this review.

What Information Was Involved? Our investigation determined that the following types of information related to you were present in the server at the time of the event: full name, Social Security Number, and date of birth.

What We Are Doing. We take this event and the security of information in our care seriously. Upon learning about this vulnerability, we promptly took steps to patch servers, investigate, assess the security of our systems, and notify potentially affected customers and individuals associated with those customers. In response to this event, we are also reviewing and enhancing our information security policies and procedures.

While we are unaware of any identity theft or fraud as a result of this event, as an additional precaution, PBI is offering you access to 12 months of complimentary credit monitoring and identity restoration services through Kroll. Details of this offer and instructions on how to activate these services are enclosed with this letter.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors for the next twelve to twenty-four months and to report suspected identity theft incidents to the institution. Please also review the enclosed *Steps You Can Take to Help Protect Personal Information*, which contains information on what you can do to safeguard against possible misuse of your information. You can also enroll in the credit monitoring services that we are offering.

For More Information. If you have additional questions, including for more information on why we process your information, you may call our toll-free assistance line at (866) 373-9049 Monday through Friday from 9:00 am to 6:30 pm Eastern time (excluding U.S. holidays). Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;

¹Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:

Consumers may have additional rights under the Fair Credit Reporting Act not summarized here. Identity theft victims and active-duty military personnel have specific additional rights pursuant to the Fair Credit Reporting Act. We encourage consumers to review their rights pursuant to the Fair Credit Reporting Act by visiting www.consumerfinance.gov/f/201504_cfbp_summary_your-rights-under-fcra.pdf, or by writing Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. N.W., Washington, D.C. 20580.
