Re: Updated Notice – File #: 2026-301663

Dear Attorney General Bird:

I am writing on behalf of my client, DentaQuest LLC ("DentaQuest"), a dental and vision benefits provider with a principal place of business at 96 Worcester Street, Wellesley Hills, MA 02481. I am writing to provide you with an update to our earlier notification.

Kroll, our outside data mining expert, recently provided us with updated information on the individuals whose Protected Health Information or Personal Information was accessed as a result of the incident. We are currently aware of at least 5,200 Iowa residents whose data was accessed. Nationwide, we are currently aware of more than 27.4 million individuals whose data was accessed. These additional individuals are being notified, and each is being offered two years of complimentary credit monitoring services.

Our investigation remains ongoing, and we will continue to provide updates as appropriate. Please let me know if you have any questions.

Very truly yours,

Seth Berman
