Re: Notice of Data Event

To Whom It May Concern:

We represent Compex Legal Services Inc. ("Compex") located at 325 Maple Avenue, Torrance, CA 90503, and are writing to notify your office of an incident that may affect the security of certain personal information relating to one hundred fifty-three (153) Iowa residents. Compex is also providing notice on behalf of its customers (hereinafter "data owner") for whom it provides medical record retrieval services. This notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Compex and the data owners do not waive any rights or defenses regarding the applicability of Iowa law, the applicability of the Iowa data event notification statute, or personal jurisdiction.

Nature of the Data Event

On April 17, 2024, Compex discovered suspicious activity on its network and promptly launched an investigation, with the assistance of third-party cybersecurity specialists, to determine the nature and scope of this activity. The investigation determined that Compex's network was subject to unauthorized access beginning on April 9, 2024, and that certain files were acquired by an unknown actor while on the network. In response, Compex undertook a comprehensive review of the data determined to be at risk to assess the type of information at issue and to whom that information relates. On July 30, 2024, Compex completed this review and determined that information related to certain individuals may have been affected. Some of the information associated with affected individuals is owned by the data owners. Therefore, Compex provided formal notice to data owners and offered to provide notification services on their behalf. The

information that could have been impacted by this incident includes name, Social Security number, financial account information, full access credentials, tax identification number, and medical information.

Notice to Iowa Residents

On July 24, 2024, Compex provided substitute notice of this incident on the homepage of its website and in major media outlets in all fifty (50) states. A copy of the website notice is attached hereto as ***Exhibit A*** and the media notice is attached hereto as ***Exhibit B.*** Compex began providing direct notice of this incident on August 30, 2024. On August 30 and September 20, 2024, Compex provided written notice of this incident to one hundred fifty-three (153) Iowa residents. Written notice is being provided in substantially the same form as the letter attached here as ***Exhibit C***. As Compex does not own some of the data at issue, Compex also notified the appropriate data owners who may request that Compex provide additional notices on their behalf to individuals and regulators. Accordingly, Compex may supplement this notice as needed to report additional residents who are notified on behalf of one or more data owners.

Other Steps Taken and To Be Taken

Upon discovering the event, Compex moved quickly to investigate, assess the security of its systems, and identify potentially affected individuals. Further, Compex notified federal law enforcement of the event and implemented additional safeguards related to data privacy and security. Compex is also providing individuals whose personal information was potentially affected by this incident with access to credit monitoring services for twelve (12) months through CyEx Identity Defense at no cost to the individuals.

Additionally, Compex is providing impacted individuals with guidance on how to better protect against identity theft and fraud. Compex is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. Compex is providing written notice of this incident state regulators, as necessary, and to the three major credit reporting agencies, Equifax, Experian, and TransUnion.

Compex provides record retrieval and litigation support services to insurance carriers, third-party administrators, and law firms. As we continue to investigate and work toward notifying impacted individuals directly, we are providing information about the event, our response, and steps potentially impacted individuals can take to better protect against the possible misuse of their information should they feel it is appropriate to do so.

What Happened? On April 17, 2024, Compex discovered suspicious activity on its network and promptly launched an investigation, with the assistance of third-party cybersecurity specialists, to determine the nature and scope of the activity. The investigation determined that our network was subject to unauthorized access starting on April 9, 2024, and that certain files were acquired by an unknown actor while on the network. Therefore, Compex is conducting a comprehensive review of the data determined to be at risk to assess what sensitive information is contained therein and to whom the information relates. Once this review is complete, we plan to mail notification letters directly to potentially impacted individuals which will include resources that individuals can reference to further protect their information.

What Information was Affected? The types of potentially impacted information may include individuals' name, date of birth, Social Security number, medical diagnosis and treatment information, medical record number, and health insurance information.

How Will Individuals Know If They Are Affected By This Incident? Compex plans to mail notice letters to individuals whose personal information was contained in the data at issue and for whom they have a valid mailing address.

Additional information can be found below in the *Steps You Can Take to Help Protect Your Information* and in the notification letters that will be sent to affected individuals.

Steps You Can Take to Help Protect Your Information

Monitor your credit reports for suspicious or unauthorized activity. Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Place a fraud alert on your credit file. Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

Place a security freeze on your credit file. As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
