

College Admissions Assistance

Reservation Number 1407260304705

To the Parents of M [redacted] IA [redacted]

You and your student, M [redacted], are scheduled to participate in an educational group presentation followed by a personal interview to help determine college admission and financial aid eligibility.

Colleges are now identifying prospective students as early as the 9th grade for admissions and financial aid assistance. Therefore you need to attend in order to receive assistance in making critical decisions that will arise in the next few months. M [redacted]'s future is too important not to attend.

M [redacted]'s interview will take place either Saturday, July 26, 2014 or Sunday, July 27, 2014. These may be the only dates we have available for M [redacted] this school year, so call 1-866-642-4752 or log onto www.caaworkshop.com to make your appointment today. Your reservation number is 1407260304705. Appointment times are limited.

Based on historical analysis, we have identified many colleges and universities nationwide that, subject to M [redacted]'s qualifying for enrollment, may meet up to 100% of financial need. Merit-based aid may be available regardless of your family's income. Our group instruction will include an overview derived from the same expertise that has helped thousands of students get accepted into a college of their choice, and receive millions of dollars in financial aid offers. Every family's situation is different, so results vary and cannot be guaranteed.

There is no cost for the educational instruction or the student interview. M [redacted]'s unique educational needs will be addressed during the personal interview following the presentation. Additional services will be made available for those needing additional assistance. Both parents in the household should attend; however, at least one parent or legal guardian must attend with your student. Parental involvement is crucial in the decision process.

Please call 1-866-642-4752 with your reservation number listed above to confirm and obtain directions to your appointment location. I have a pen ready to write your appointment information below. Please arrive 15-20 minutes early for parking and registration.

To learn more or make your reservation online, log onto www.caaworkshop.com. Reservation number: 1407260304705.

Sincerely yours,

Brenda Watkins

Brenda Watkins Director of Student Services College Admissions Assistance
