

IN THE IOWA DISTRICT COURT FOR LINN COUNTY

STATE OF IOWA, ex rel., THOMAS J.)
MILLER, ATTORNEY GENERAL OF)
IOWA (99AG23112),)

Plaintiff,)

vs.)

KNUTSON CONSTRUCTION SERVICES)
MIDWEST, INC., an Iowa Corporation,)

Defendant.)

LAW NO. _____

PETITION AT LAW

COMES NOW Plaintiff State of Iowa, ex rel., Thomas J. Miller, Attorney General of Iowa, and for claim against Defendant Knutson Construction Services Midwest, Inc., states as follows:

Introduction

1. The State of Iowa seeks the assessment of civil penalties and injunctive relief against Knutson Construction Services Midwest, Inc. for violations of the "Iowa One Call" statute, Iowa Code chapter 480. The defendant failed to provide prior notice of an excavation to the One Call Notification Center and, without any underground facilities having been located and marked, proceeded with the excavation to remove concrete and install crash bollards next to the then soon-to-be-opened Cedar Rapids Public Library and within a few feet of a natural gas meter. During the excavation, the defendant's equipment hit and severed a 1-inch diameter natural gas pipeline under 30 pounds per square inch of pressure. Natural gas leaked from the pipeline but did not explode.

Parties

2. The State of Iowa is a sovereign state of the United States of America.
3. Thomas J. Miller is the duly elected Attorney General for the State of Iowa.
4. Defendant Knutson Construction Services Midwest, Inc. is an Iowa corporation with an office located at 2351 Scott Blvd. S.E., Iowa City, Iowa 52240.

Definitions

5. "Emergency" means "a condition where there is clear and immediate danger to life or health, or essential services, or a potentially significant loss of property." Iowa Code § 480.1(3).
6. "Excavation" means "an operation in which a structure or earth, rock, or other material in or on the ground is moved, removed, or compressed, or otherwise displaced by means of any tools, equipment, or explosives and includes, but is not limited to, grading, trenching, tiling, digging, ditching, drilling, augering, tunneling, scraping, cable or pipe plowing, driving, and demolition of structures." Iowa Code § 480.1(4).
7. "Excavator" means "a person proposing to engage or engaging in excavation." Iowa Code § 480.1(5).
8. "Operator" means "a person owning or operating an underground facility including, but not limited to, public, private, and municipal utilities. An operator does not include a person who owns or otherwise lawfully occupies real property where an underground facility is located only for the use and benefit of the owner or occupant on the property." Iowa Code § 480.1(8).
9. "Underground facility" means an "item of personal property owned or leased by the operator which is buried or placed below ground for use in connection with the storage or conveyance of, or the provision of services supplying water, sewage, electronic, telephonic, or telegraphic communications, electric energy, hazardous liquids, or petroleum products including

natural gas or other substances, and includes, but is not limited to, pipes, sewers, conduits, cables, valves, lines, wires, manholes, and attachments to such property but does not include sanitary sewer laterals, storm sewer laterals, and water service lines providing service to abutting private properties.” Iowa Code § 480.1(10).

Jurisdiction

10. Iowa Code chapter 480, commonly referred to as the “Iowa One Call” statute, establishes a statewide notification center to receive, document and process notices of excavations. The statute also creates certain duties for excavators and owners and operators of underground facilities.

11. Iowa Code section 480.1A provides that a person shall not engage in any excavation unless the requirements of chapter 480 have been satisfied.

12. Iowa Code section 480.4(1)(a) provides that, prior to any excavation, an excavator shall contact the statewide notification center and provide notice of the planned excavation. The notice must be given at least 48 hours prior to the commencement of the excavation, excluding weekends and legal holidays. Notice is provided by calling the notification center at its toll-free number (1-800-292-8989 or 811). The notice for a location within a city shall include:

1. a street address or block and lot numbers, or both, of the proposed area of excavation;
2. the name and address of the excavator;
3. the excavator’s telephone number;
4. the type and extent of the proposed excavation;
5. whether the discharge of explosives is anticipated;
6. the date and time when excavation is scheduled to begin;

7. approximate location of the excavation on the property; and
8. if known, the name of the housing development and property owner.

Iowa Code §§ 480.4(1)(b)(1)-(8).

13. Pursuant to Iowa Code section 480.4(2), the notification center, upon receiving notice from an excavator, must then immediately transmit the information contained in the notice to each operator of underground facilities in the area of the proposed excavation and provide the names of all operators in that area to the excavator. Operators of underground facilities receiving notice must then mark the horizontal location of their underground facilities within 48 hours after receiving the notice, excluding weekends and legal holidays, unless otherwise agreed by the operator and the excavator. Iowa Code § 480.4(3)(a)(1).

14. The only exception to the requirements of Iowa Code section 480.4 is “when an emergency exists.” Iowa Code § 480.4(6).

15. Iowa Code section 480.6(1)(a) provides that a person who violates a provision of chapter 480 is subject to a civil penalty, when the violation is related to natural gas and hazardous liquid pipelines, in an amount not to exceed Ten Thousand Dollars (\$10,000.00) for each violation for each day the violation continues, up to a maximum of Five Hundred Thousand Dollars (\$500,000.00).

16. Iowa Code section 480.6(2) authorizes the Attorney General, upon the receipt of a complaint, to institute legal proceedings necessary to enforce the penalty provisions of chapter 480.

17. Iowa Code section 480.7 authorizes injunctive relief from any violation of Iowa Code chapter 480.

Facts

18. On or about July 22, 2013, the defendant conducted an excavation at 450 5th Avenue S.E., Cedar Rapids, Linn County, Iowa, to remove concrete and install crash bollards next to the then soon-to-be-opened Cedar Rapids Public Library and within a few feet from a natural gas meter. The defendant did not contact the One Call Notification Center regarding this excavation and, thereby, failed to provide notices to operators of underground facilities whose facilities may be affected by the excavation.

19. MidAmerican Energy is the owner and operator of a 1-inch diameter natural gas pipeline under 30 pounds per square inch (psi) of pressure, which runs underground in the vicinity of where the excavation occurred.

20. Natural gas is flammable and highly explosive.

21. During the excavation, the defendant hit and severed the natural gas pipeline. Natural gas leaked from the pipeline but did not explode. Emergency response was made by MidAmerican Energy staff and the Cedar Rapids Fire Department. The pipeline was subsequently repaired by MidAmerican Energy.

22. Removal of concrete on the ground using core drilling equipment and shoveling dirt to install crash bollards each constitute an "excavation" as defined in Iowa Code section 480.1(4).

23. At all material times hereto, the defendant was an "excavator" as defined in Iowa Code section 480.1(5).

24. A buried natural gas pipeline is an "underground facility" as defined in Iowa Code section 480.1(10).

25. At all material times hereto, there was no "emergency," as defined in Iowa Code section 480.1(3), that would exempt defendant from the requirement that it contact the statewide

notification center prior to the excavation and, thereby, provide notice to owners and operators of underground facilities whose facilities may be affected by the excavation.

Violations

26. On or about July 22, 2013, Defendant Knutson Construction Services Midwest, Inc. engaged in an excavation at 450 5th Avenue S.E., Cedar Rapids, Linn County, Iowa, without first contacting the statewide notification center and providing notice, in violation of Iowa Code sections 480.1A, 480.4(1)(a), and 480.4(1)(b)(1)-(8).

Prayer for Relief

WHEREFORE, Plaintiff State of Iowa, ex rel., Thomas J. Miller, Attorney General of Iowa, requests that the Court:

a. assess a civil penalty against Defendant Knutson Construction Services Midwest, Inc. pursuant to Iowa Code section 480.6(1)(a) for each day of violation of Iowa Code sections 480.1A, 480.4(1)(a), and 480.4(1)(b)(1)-(8), involving natural gas pipelines, not to exceed Ten Thousand Dollars (\$10,000.00) for each day of each such violation; and

b. issue a permanent injunction enjoining Defendant Knutson Construction Services Midwest, Inc. from commencing any non-emergency excavation in the State of Iowa, without first contacting the statewide notification center at its toll-free number (1-800-292-8989 or 811), at least 48 hours prior to the planned excavation, excluding weekends and legal holidays, as required by Iowa Code sections 480.1A and 480.4(1)(a), and providing the information required by Iowa Code sections 480.4(1)(b)(1)-(8) and 480.4(1)(c)(1)-(8); enjoining the defendant from commencing any excavation except under the schedule and pursuant to the terms of each such notification.

Plaintiff further requests that the Court tax the costs of this action to the defendant and provide such other relief as the Court may deem just and proper.

Respectfully submitted,

THOMAS J. MILLER
Attorney General of Iowa
