VINE is an automated service that allows you to track an offender’s custody status over the phone or Internet. You can register to be notified by phone, text and/or email if an offender is released, transferred, or escapes.

Write down the following information, tear off this panel, and keep in a safe place:

___________________________________________
Offender name

___________________________________________
Offender/Booking Number

Your four-digit PIN

VINE Facts:

- If you feel you are in danger, call 911 immediately.
- VINE is confidential. The offender will not know you are registered with this service.
- VINE only provides information on offenders in custody in Iowa.
- Since VINE calls automatically when an offender’s custody status changes, you may get a call from VINE in the middle of the night.
- Write down your PIN and keep it in a safe place. For safety reasons, do not share this information with others.
- If you do not answer a notification call, VINE will leave a message and will continue calling back until you enter your PIN or until up to 24 hours have passed.
- Do not register a phone number that rings to a switchboard.
- You can register multiple phone numbers and email addresses for notifications.
- If you forget your PIN, call the toll-free number and press zero. You will be transferred to an operator who can help you reset your PIN or cancel notification.
- Operators are available 24 hours a day, seven days a week to assist you.
