

IN THE IOWA DISTRICT COURT FOR POLK COUNTY

STATE OF IOWA *ex rel.*
THOMAS J. MILLER,
ATTORNEY GENERAL OF IOWA,

Plaintiff,

v.

NICHOLAS VALENTI, d/b/a
WB Co., TL DISTRIBUTION and
SOUTHWEST PUBLISHING,

Defendant.

EQUITY No. EQCE 080631

PETITION IN EQUITY

The State of Iowa *ex rel.* Attorney General Thomas J. Miller, through Assistant Attorney General Amy Licht, states as follows in this enforcement proceeding against the above-named Defendant under the Iowa Consumer Fraud Act, Iowa Code § 714.16 (CFA) and the Older Iowans Law, Iowa Code § 714.16A:

INTRODUCTION

Defendant is responsible for perpetrating a particular breed of direct mail scams selling “systems” that claim to guarantee risk-free ways to beat the lottery, slot machines and, occasionally, other games of chance. These predatory mailings are carefully devised to appeal to the hopeful lottery or slots player, making sweeping promises of big jackpot wins if only the recipient will stop simply trying their luck and instead rely on the purportedly guaranteed strategies advertised. For example, one mailing invites the reader to “imagine” what it would be like, “when the losing is over,” and they are enjoying “steady, consistent profits” from playing the lottery using the “Pick Game Blaster.” Defendant Valenti, through his businesses, both sends these deceptive mailings to Iowans, seeking payment of over \$200 for each dubious system, and sells the right to mail similar solicitations to other operators who, in turn, solicit Iowans.

Defendant's activities have resulted in the broad and repeated dissemination of these scam mailers, which threaten to empty the bank accounts of those who respond to them.

Plaintiff respectfully submits that these facts merit the Court's imposition of the full range of remedies provided for the Consumer Fraud Act on Defendant, including restitution going back to the beginning of the conduct, civil penalties of \$40,000.00 per violation, increased by \$5,000.00 when directed against older Iowans, and such other remedies as the court sees fit and equitable.

PARTIES AND VENUE

1. Thomas J. Miller is the Attorney General of the State of Iowa, and is expressly authorized by Iowa Code §§ 714.16(6) & (7) of the Consumer Fraud Act to bring this action on behalf of the State of Iowa.
2. Nicholas Valenti is a resident of Carson City, Nevada and does business as WB Co.¹, TL Distribution and Southwest Publishing. Upon information and belief, Mr. Valenti is responsible for day-to-day operations of the three companies and exercises adequate control over them to be legally responsible for the violations alleged herein.
3. Venue is proper in Polk County pursuant to Iowa Code § 714.16(10) because Defendant's deceptive solicitations have been sent to, and payments therefore have been received from, Polk County residents.

THE IOWA CONSUMER FRAUD ACT

4. Iowa Code § 714.16(2)(a) of the Consumer Fraud Act provides in pertinent part:

The act, use or employment by a person of an unfair practice, deception, fraud, false pretenses, or misrepresentation, or the concealment,

¹ WB Co. is sometimes referred to in Defendant's mailings as W-B Co. and WB Company which, upon information and belief, are different versions of the "WB Co." "d/b/a" for Defendant Valenti. References in this Petition to "WB Co." include these versions of the name and other similar variations.

suppression or omission of a material fact with intent that others rely upon the concealment, suppression, or omission, in connection with the lease, sale, or advertisement of any merchandise or the solicitation of contributions for charitable purposes, whether or not a person has in fact been misled, deceived, or damaged, is an unlawful practice.

5. Iowa Code § 714.16(1) of the CFA provides the following definitions:

(f) "Deception" means an act or practice which has the tendency or capacity to mislead a substantial number of consumers as to a material fact or facts.

(i) The term "merchandise" includes any objects, wares, goods, commodities, intangibles, securities, bonds, debentures, stocks, real estate or services.

(n) "Unfair practice" means an act or practice which causes substantial, unavoidable injury to consumers that is not outweighed by any consumer or competitive benefits which the practice produces.

6. Iowa Code § 714.16(7) of the CFA provides, in pertinent part:

Except in an action for the concealment, suppression, or omission of a material fact with intent that others rely upon it, it is not necessary in an action for reimbursement or an injunction, to allege or prove reliance, damages, intent to deceive, or that the person who engaged in an unlawful act had knowledge of the falsity of the claim or ignorance of the truth.

7. In describing remedies under the CFA, Iowa Code § 714.16(7) provides in pertinent part as follows:

If it appears to the attorney general that a person has engaged in, is engaging in, or is about to engage in a practice declared to be unlawful by this section, the attorney general may seek and obtain in an action in a district court a temporary restraining order, preliminary injunction, or permanent injunction prohibiting the person from continuing the practice or engaging in the practice or doing an act in furtherance of the practice. The court may make orders or judgments as necessary to prevent the use or employment by a person of any prohibited practices, or which are necessary to restore to any person in interest any moneys...which have been acquired by means of a practice declared to be unlawful by this section...

In addition to the remedies otherwise provided for in this subsection, the attorney general may request and the court may impose a civil penalty not to exceed forty thousand dollars per violation against a person found by

the court to have engaged in a method, act, or practice declared unlawful under this section; provided, however, a course of conduct shall not be considered to be separate and different violations merely because the conduct is repeated to more than one person. In addition, on the motion of the attorney general or its own motion, the court may impose a civil penalty of not more than five thousand dollars for each day of intentional violation of a....permanent injunction issued under authority of this section.

THE OLDER IOWANS LAW

8. Iowa Code §§ 714.16A(1) & (3) provide, respectively:

If a person violates section 714.16, and the violation is committed against an older person, in an action by the attorney general, in addition to any other civil penalty, the court may impose an additional civil penalty not to exceed five thousand dollars for each such violation.

As used in this section, 'older person' means a person who is sixty-five years or age or older.

FACTUAL BACKGROUND

9. In 2015 the Iowa Attorney General's Office Consumer Protection Division (CPD) staff obtained a collection of about 160 scam mailings received by an Eastern Iowa woman who had been victimized by other schemes targeting elderly consumers. These solicitations included a range of fraudulent offerings, from duplicitous psychic predictions to misleading "business opportunities."
10. Investigation of the mailings led CPD staff to two New Jersey residents (referred to hereafter as the "New Jersey mailers") who were responsible for sending deceptive solicitations to Iowans selling betting and lottery-playing systems. As described in further detail below, these "lottery mailings" are a familiar type of consumer fraud that advertise methods purporting to guarantee consistent success playing games of chance, such as lotteries, slot machines and horse racing, thereby assuring the user a steady income stream.

Upon information and belief, the system or method usually takes the form of instructional materials containing game-playing strategies.

11. The New Jersey mailers identified defendant WB Co. as the creator or source of four deceptive mailings that they sent to Iowans: the “BAN-UPP Method” method, “Win-at-Slots” by “John Calhoun”, “How to Beat Lotteries and Slots” by “John Baylori”, and the “Jackpot Winner System.” The solicitations are deceptive, unfair and otherwise in violation of the CFA because they convey numerous false and/or misleading representations, express or implied, that the advertised methods guarantee risk-free success in playing games of chance. As an example, the misrepresentations in the “BAN-UPP Method” mailer, attached hereto as **Attachment I**, include but are not limited to:

- a. “BAN-UPP” was a well-known business (“famous BAN-UPP corporation” and “The World’s Largest, Most Successful Wagering Syndicate”) that has now ceased operations (“Shuts Down After The Death Of 2 Of The Top 3 Executives”).
- b. The “BAN UPP Method” ensures better-than-chance results in:
 - i. Lotteries (“Win Thousands of \$\$\$ Every Week Using The Most Powerful Method Ever Devised”) through sophisticated-sounding methods (“Multiple-Game Sequencing...was just a theory at one time butBAN-UPP perfected the theory into tens of millions in profits...”).
 - ii. Slot Machines (“SMASH OUT HUGE PROFITS FROM THE SLOTS”) because with the “BAN-UPP Method” the player tells the machine when to hit the jackpot (“There are three things you do when you first play the machine that will send signals to the machine payout center and dump jackpots right into your lap...*sending of hundreds of \$\$\$ to you hour after hour!*”).
 - iii. Betting on Horses (“Legally STEAL Thousands of \$\$\$ Every Day from Horse Racing”) by using the “method” to win over two-thirds of the time (“Spend Five Minutes And Hit 70% Winners”).
- c. When used to play the lottery the “BAN-UPP Method” presents no risk of loss (“BAN-UPP Had NO Rules For Limiting or Controlling Losses...Because They Never Had ANY Losses”).

- d. The “BAN-UPP” Method” is the product of expensive research (for lotteries, “over a million dollars”, for slot machines “over \$500,000” and for horse racing, “over \$600,000”).
 - e. Sale of “BAN-UPP Method” is limited in “Your State” (“In an agreement with the remaining BAN-UPP Executive, on behalf of the former BAN-UPP betting agents, certain states in which many of the former players live...have a LIMIT placed on sales to those states! We MUST observe this limit... so please DO NOT wait to order....”).
12. In April 2016, as part of a resolution of the Attorney General’s concerns, each New Jersey mailer agreed to refund Iowans who responded to WB Co. mailers during a 3-year period. Combined, the New Jersey mailers refunded 81 Iowans (including 12 Polk County residents) a total of \$4,679.35 for purchases prompted by WB Co. solicitations.
13. On March 10, 2016, shortly before the refunds were issued, the Attorney General sent an investigative subpoena to Valenti and WB Co. seeking further information about their lottery mailings.
14. In response, CPD obtained a 2010 contract memorializing Defendant Valenti’s purchase (along with a “primary purchaser” Morton Millins) from Clarence J. Alvariso & Assoc. of, “complete publishing and distribution rights for the following advertising/mail offers and corresponding books/publications for each respective mailing offer”:
- (A) “Simple as 1-2-3 Lottery Method”
 - (B) “Killer of Lotteries”
 - (C) “Viller’s Lottery Smasher”
 - (D) “Pick Games Blaster Rules”
 - (E) “Gilberts Winning Rules for Lotteries”
15. The agreement grants Defendant Valenti and Mr. Millins, “Exclusive rights to sell/distribute” the books/publications during the period from June 1, 2010 through June 1,

2015. The agreement includes a “disclaimer” that, “some of the advertising/mail offers and books/publications are from fifteen (15) to twenty three (23) years old from the date of this agreement” and that no modifications have been made to the mailers since that time, apart from updating results or rules of participation.
16. Defendant also provided three “example” lottery mailings in response to the subpoena, for the “1-2-3 Method for Lotteries,” the “Pick-Game Blaster” and the “Lottery Killer”, each sold by WB Co. for between \$229.00 - \$237.50. These solicitations are deceptive, unfair and otherwise in violation of the CFA because they convey false and/or misleading representations, express or implied, that using the method guarantees risk-free success in playing games of chance. For example, the misrepresentations in the “Pick Game Blaster” mailing, attached hereto as **Attachment II**, include but are not limited to:
- a. Using the “Pick Game Blaster” Method ensures the player will always win “Pick” lottery games (“WIN 100% Of The Time, When You Play The Daily Pick Games!” and “Pick-Game Blaster” is a, “rock-solid PROVEN method that beats ALL the daily Pick games whenever you want”).
 - b. “David Beduoe” is recounting his personal experience using the method (“I’m raking in THOUSANDS of \$\$\$ EVERY WEEK playing daily Pick games!”).
 - c. There is a restricted supply of the advertised product (“‘Pick-Game Blaster’ has LIMITED SALES in ‘Blaster-Network’ states!”).
 - d. Using the “Pick Game Blaster” will ensure a steady income (“*Imagine what it would be like to not have to worry about money any more? To know that no matter what happens... YOU have a way to give you a nice big FAT steady income that is not dependent on the whims of an arrogant boss or a government controlled by the rich!*”).
17. The order form contains the following statements: “(I have read the guarantee above and agree to its terms.² I also agree to use ‘risk capital’ only!)” (parentheses in original;

² The “guarantee above” mentioned in the first sentence appears to refer to the following statement, placed above the order form on the same page: “You must WIN EVERY single session you play using the ‘Pick-Game Blaster’ or you will receive a complete refund.”

emphasis added). Insofar as the second sentence might be construed as a disclaimer, it is inadequate to counter the numerous CFA violations in the mailing. In addition it is in very small print, placed after an affirmation of a guarantee of success, and within parentheses. Finally, the term “risk capital” is undefined and does not appear elsewhere in the mailing, and the statement is therefore likely to be meaningless to the reader.

18. In the subpoena response Defendant indicated that the following statement is on the first page of the “Pick Game Blaster” publication,

This is sent as a matter of Lottery News and not as an invitation to wager. You must follow the rules within this entire publication before you can proceed with real money wagers! Any investment that result [*sic*] from using this publication must be made with “MINIMUM” wagers and ONLY risk capital must be used for investments, NOT money set aside for everyday expenses! If you think you have a gambling problem, PLEASE seek help right away!

This paragraph is ineffectual to neutralize the CFA violations contained in the mailing. It is not included in the mail solicitation, and consumers do not have the chance to read it until they have already paid over \$200 for the product. Even if it was, the warning that it is, “not...an invitation to wager” does not nullify the claims in the mailing (and, upon information and belief, the “Pick Game Blaster” materials), which strongly encourage the reader to play the lottery extensively, with the hopes of great “profits”. Additionally, the statement contains several undefined terms that render its meaning entirely unclear, such as “real money wagers”, “‘MINIMUM’ wagers”, and (again) “risk capital”.

19. Defendant Valenti also directly solicits Iowans under the names TL Distribution and Southwest Publishing, which are responsible for, respectively, the “Gibbes Lottery Method” and “Delbert Kaich’s ‘Six-in-60’ lottery methods” solicitations.³ Both mailings are

³ CPD staff obtained both mailings from concerned Iowans who received them in the mail.

deceptive, unfair and otherwise in violation of the CFA because they convey false and/or misleading representations, express or implied, that using the advertised method guarantees better-than-chance results in playing the lottery. As an example, the “Gibbes Lottery Method” mailing, which is attached as **Attachment III**, contains misrepresentations that include but are not limited to:

- a. Using the “Gibbes Lottery Method” guarantees success playing any lottery game (“I GUARANTEE I can show you how to WIN (at least) **ONE** Lottery out of every **FIVE** you play...and I mean ALL Lotteries from the Daily Pick Games to the MEGA-MILLIONS!”).
 - b. The “Gibbes Lottery Method” was devised by “Nate Gibbes”, the “famous ‘Lottery Surgeon’”, who held “seminars” to instruct others, who have then had similar success (“All of Nate Gibbes’s clients made money right away...and over 75% made at least \$20,000 in the first 30 days...50% made at least \$40,000!” and “I’ve been on the verge of losing my house for over a year, then I heard Mr. Gibbes on the radio giving out his picks for the lottery. I couldn’t believe it when they actually hit. I went to the seminar...WOW, it sure paid off...”).
 - c. The “Gibbes Lottery Method” is available at a reduced price for a short time (“This is the only time the ‘Gibbes Lottery Method’ will be offered at this special LOW price!”).
20. The “Gibbes Lottery Method” order form contains the same statement about “risk capital” found in the “Pick Games Blaster” mailing, described in paragraph 9: “(I have read the guarantee above and agree to its terms. I also agree to use ‘risk capital’ only!)”. The statement is ineffective in this context for the reasons stated in paragraph 9.
21. To order the “Gibbes Lottery Method” book, the recipient must send \$234.50 to TL Distribution, 963 Topsy Lane, Suite 306-345, Carson City, Nevada. CPD has obtained records showing that this address is, in fact, a UPS Store mailbox controlled by Defendant Valenti.
22. To order the “Six-in-60” method, the purchaser must send \$236.00 to Southwest Publishing, 1329 U.S. Highway 395 N, Suite 10-287, Gardnerville, NV, 89410. CPD has obtained

records showing that this address is for a mailbox controlled by Defendant Valenti at Packages, a Gardnerville, Nevada commercial mail drop.

23. Defendant's violations of the Consumer Fraud Act were in willful disregard of the rights of older persons; Defendant knew or should have known that such conduct was directed to older persons; older persons are substantially more vulnerable to such conduct on account of age and other factors; and civil penalties should be imposed upon Defendant and each of them under the Older Iowans Law, Iowa Code §714.16(A).
24. Neither all nor any part of the application for injunctive relief herein has been previously presented to and refused by any court or justice. Iowa R. Civ. P. 1.1504.
25. In an action by the State, no security shall be required of the State. Iowa R. Civ. P. 1.207.

COUNT I

CONSUMER FRAUD ACT VIOLATIONS

26. The Introduction and paragraphs 1-25 are incorporated herein by reference.
27. The Defendant's acts and practices violate the prohibition of Iowa Code § 714.16(2)(a) against misleading, deceptive, and unfair acts and practices, and otherwise violate that subsection of the CFA.
28. Although it is not necessary to establish reliance, damages or intent to deceive to obtain injunctive relief or reimbursement under the Consumer Fraud Act, establishing these factors, particularly intent, is nevertheless relevant *inter alia* to the Court's determination of the scope of injunctive relief and the appropriate amount of civil penalties. Those acts and practices of defendant in violation in subsection (2)(a) of the Consumer Fraud Act as alleged in this Court would in fact induce reliance on the part of the consumer victims, would in fact cause damage to consumers, and/or were in fact intentional.

COUNT II

OLDER IOWANS LAW VIOLATIONS

29. The Introduction and paragraphs 1-28 are incorporated herein by reference.
30. Defendant's violations of the Consumer Fraud Act were committed against older Iowans within the meaning of Iowa Code § 714.16(A) and give rise to the penalties set forth in that provision.

PRAYER

Plaintiff prays the Court grant the following relief:

- A. Pursuant to Iowa Code §714.16(7) and upon further request by Plaintiff separately addressed to the Court, enter a temporary restraining order and preliminary injunction restraining Defendant, and each of them (as applicable), and such Defendant's directors, officers, principals, partners, employees, agents, servants, representatives, subsidiaries, affiliates, successors, assigns, merged or acquired predecessors, parents or controlling entities, and all other persons, corporations, and other entities acting in concern or participating with Defendant who have actual or constructive notice of the Court's injunction, from engaging in the deceptive, misleading, and unfair practices alleged in this Petition or otherwise violating the Iowa Consumer Fraud Act.
- B. Pursuant to Iowa Code § 714.16(7), after trial on the merits, make permanent the above-described injunctions, expanding their provisions as necessary by including, *inter alia*, such "fencing in" provisions as are reasonably necessary to ensure that Defendant and other enjoined persons and entities do not return to the unlawful practices alleged herein, or commit comparable violations of law.

- C. Pursuant to Iowa Code §714.16 (7) enter judgment against Defendant for amounts necessary to restore to Iowans all money acquired by means of acts or practices that violate the Consumer Fraud Act.
- D. Pursuant to Iowa Code § 714.16(7) enter judgment against Defendant for such additional funds as are necessary to ensure complete disgorgement of all ill-gotten gain traceable to the unlawful practices alleged herein.
- E. Pursuant to Iowa Code § 714.16(7) enter judgment against Defendant for up to \$40,000.00 for each separate violation of the Consumer Fraud Act.
- F. Pursuant to Iowa Code § 714.16A, the Older Iowans Law, enter judgment against Defendant for a civil penalty of up to \$5,000.00 to be added to each civil penalty imposed under the Consumer Fraud Act.
- G. Award Plaintiff interest as permitted by law.
- H. Pursuant to Iowa Code § 714.16(11), enter judgment against Defendant for attorney fees, state's costs and court costs.
- I. Retain jurisdiction as necessary to ensure full compliance with the pertinent provisions of the Consumer Fraud Act and with the Court's orders.
- J. Grant such additional relief as the Court deems just and equitable.

An Army of BAN-UPP Players Won Fortunes EVERY WEEK

For over 9 years BAN-UPP was the biggest and the most successful gambling syndicate with total winnings exceeding \$20 million dollars! They accumulated these incredible profits using the most powerful and closely guarded secrets to win at the three most popular games!

Their method for beating lotteries cost over \$1,000,000 in research, but has won fortunes many times over...PROFITS WERE IMMENSE AND LOSSES ALMOST NONEXISTENT!

The BAN-UPP Army Attacks

The Lotteries Every Day Using a network of communication based on e-mail, fax machines and computer networking... BAN-UPP sent the plays for each lottery game in every state they operated from their main office.

Sophisticated computer programs kept track of all games in each state and every player knew well in advance what numbers to play for each game.

In the new book "The BAN-UPP Company" (soon to be released) the author states...

"BAN-UPP ran like a well oiled machine... with secrecy the top priority! The players for each state bought tickets and all profits were sent to the main office. Their profits were staggering considering all profits came from wagering ONLY!"

\$1,444.00 PER DAY!

The Average Winnings From Playing Lotteries In Only One State!

BAN-UPP won fortunes on lotteries across the country and in other countries because they had an army of players in every state to take advantage of every opportunity and every game available. But you don't need to have an army to make money using this AMAZING method because by playing alone...just the lotteries in your own state or a neighboring state, you too can give yourself a steady flow on winnings beyond anything you've ever dreamed!

The BAN-UPP method for lotteries is so powerful a single player can win a fortune

over and over and turn the lottery into a business that will pay you consistently! Imagine playing the lottery and winning thousands of dollars every week just like you've always wanted to. It's okay to dream and hope for steady winnings...but there is a way to make winning a reality...but you need something that has been proven to actually work in a big way! The BAN-UPP Lottery Method has been proven a WINNER by winning over 22 million dollars in only a two years...so it definitely can win thousands of dollars every week for the average single player!

If you want to win the lottery this is the way to do it!

The SIMPLE Way To Win A Fortune

There is no other way of playing the lottery that is so INCREDBLY POWERFUL and yet so SIMPLE... than the BAN-UPP Lottery Method!

This method has been used within minutes by people who have never played the lottery before... and they have thousands of \$\$\$ almost instantly!

The one thing that BAN-UPP wanted was simply... because when a method is

simple to use and easy to follow there is less possibility for any mistakes. And considering the amount of money that was at stake... the last thing that BAN-UPP wanted was any mistakes that resulted from the method being too complicated! If you've never played the lottery before everything you need to do is explained to you in a clear, and simple manner. If you are a regular player...you'll be cashing winning tickets almost right away on your favorite lottery games!

Multiple-Game Sequencing – The Secret Is Out!

The secret to BAN-UPP's INCREDIBLE profits from the lottery was their discovery of "Multiple-Game Sequencing" (MGS)! This was just a theory at one time but after over a million dollars in research BAN-UPP perfected the theory into tens of millions of dollars in profits!

The principle is VERY easy to understand and use. Basically you divide all your plays into a steady series of THREE game cycles. Each three game cycle is part of another larger cycle. For each separate game you "layover" the correct numbers based on prior three game cycles. When you select your numbers based on this

method and all numbers have been cycled through by the third game (sometimes sooner)...you MUST cash at least once because by the third game ALL the correct numbers will have been covered in the correct "sequence." IT'S EVERY PLAYER'S DREAM...IT'S SIMPLE...AND IT REALLY WORKS!

"Multiple-Game Sequencing" is NOT Based On Numbers That Have Not Shown...Or Shown Too Often! Almost all of the methods people use to play the lottery is based on either neglected numbers or numbers that have come up too often...but this has nothing

to do with selecting winning numbers! The most important thing to remember when you select numbers for the lottery is that how often a number has shown is NOT important...the actual "SEQUENCE" of how the numbers appeared and in which games...is what gives you WINNING tickets beyond anything imaginable!

Once you know the correct sequence of numbers and which games to play...winning the lottery is as easy as waiting for the numbers to be drawn!

With "Multiple-Game Sequencing" BAN-UPP Had NO Rules For Limiting Or Controlling Losses... Because They Never Had ANY Losses

They Used 100% Of All Capital Because They Just DID NOT LOSE!

The incredible profits by BAN-UPP were only possible because they had ALL their capital invested in playing lotteries around the country. They did not hold back any capital or keep any in reserve, why? Because losing was simply not an issue... that's how powerful this method is!

This Method HAS NO Money Management Plan... Because It Works! Money management and controlling losses are needed for methods that don't work on a consistent basis. For methods that make money consistently, which is the case with the BAN-UPP lottery method... the real focus is on ever increasing profits...which is how it should be for a proven winning plan!

A "Gambling-Syndicate" is simply a group of private investors who pool their money and make huge investments using the most powerful WINNING methods ever devised to make money from wagering!

BAN-UPP Never Lost After 3 Games

When WINNING is your business then losses cannot be tolerated. BAN-UPP made sure that losses would simply NOT be a problem. This is the beauty of "Multiple-Game Sequencing"...because once a game cycle is established the rest is just a matter of buying your tickets and waiting for the drawing because you WILL be cashing!

The members of BAN-UPP never worried when they played the lottery because they knew they would be collecting at least ONCE (sometimes two and three times) in every three games! This is the way a real winning method should work... just about ALL the time!

How many times have you gone dozens of games (or longer) without cashing even a one dollar winning ticket? It doesn't have to be this way!

The BAN-UPP Lottery Method will give you the most astounding results over and over! Imagine being thousands ahead a few days after you have this method!

SMASH OUT HUGE PROFITS FROM THE SLOTS

"LEGALLY" Force Any Slot To Pay You A Jackpot At Least Every 10 Minutes!

Just think...

You walk into your favorite casino and sit down at the first slot machine you see. You follow the rules of the BAN-UPP method and you do the THREE SIMPLE things you must do to ensure a fat profit. After about 20 minutes...boom a jackpot dumps! You know you've tapped into the "waiting jackpots" so you start to receive a steady cycle of payouts that total up quickly. In just two or three hours you've won over a \$1,000 total...just like you planned.

This is the way the BAN-UPP Slot Method works... FANTASTIC winnings every day! When YOU establish the payout cycle for the machine YOU are the one in control! You now "own" the machine because the jackpots can hit with a precise timing that is so INCREDIBLE it will scare you!

The BAN-UPP Slot Method Lets The PLAYER Decide The Payout Cycle For ANY Machine!

They Attacked The Slots

BAN-UPP won tens of thousands of the largest slot jackpots in casinos all over the country! They had at least one player playing the slots in EVERY casino in the country and they won consistently...every hour and every day!

They didn't win using luck or hope... because when your income depends on winning, you need something that will NEVER let you down...and the BAN-UPP method for slots worked ALL the time winning thousands every day!

The method BAN-UPP used for beating the slots cost over \$500,000 in research and was designed by three former employees of a slot manufacturing company.

The investment in research paid off because the winnings from slot machine jackpots was so big and occurred so often many casinos needed 24 hours to get the money to pay them!

Force The Slot To Pay YOU
You don't have to hope or wait for a slot jackpot...because with the BAN-UPP Slot Method...YOU decide when the jackpots should be hit and how big they will be! Did you know that you can set the payout cycle for any slot machine by the way you play? I'm not talking about trying to determine what the payout cycle is... I'M TALKING ABOUT THE PLAYER DECIDING WHEN AND HOW MUCH THEY WANT TO WIN!

Modern slot machines have been given the ability to actually determine the best way to extract money from each player by reading HOW the player plays! The most advanced form of artificial intelligence has been put into the computer brains of slot machines.

But, since the actions of the machines are based on how they are played...you can actual FORCE the machine into paying you when YOU want!

Get Ready To Collect A Jackpot At Least EVERY 10 Minutes!

Why Every 10 Minutes?

Slot machines determine jackpot releases two ways...the time element and how much the machine has already won within a specific period of time. The machine uses both these methods to determine the amount of the next jackpot release... but HOW the player plays the machine will determine WHEN the jackpot will be given out! All modern slot machines use a jackpot-reset program that is intended to defend against cheats, by minimizing the number of jackpots (the machine's TOP or largest jackpots) that can be given out to once every 10 minutes. However, this program has a flaw...if you play the machine correctly using the BAN-UPP method... the same program that is suppose to defend the machine will actually begin to release jackpots at regular intervals!

YOU can collect a top jackpot once every 10 minutes... but you can collect the smaller jackpots constantly...sometimes on EVERY SPIN until the machine hits its maximum payout limit!

Do THREE SIMPLE Things And The Machine Is YOURS

What's the dream of every slot player...to control the jackpots for any slot! But this dream is no longer just a dream...it's a reality with the BAN-UPP Slot Method!

There are three things you do when you first play the machine that will send signals to the machine's payout center and dump jackpots right into your lap and give you the most incredible winnings... sending hundreds of \$\$\$ to you hour after hour!

Beyond the INCREDIBLE winnings you can have is how INCREDIBLY SIMPLE this method is. There is no complicated math or long calculations to make! You do THREE things that only take minutes and the machine belongs to you! People who have never played before have won thousands in one day and you can too! You can turn into a steady winner every day! You must have this if you want to win!

Beat ALL Slots...

Progressives, Video Slots, Reel Machines, Frize Machines... EVERYTHING!

The BAN-UPP Slot Method was the cornerstone of a gambling syndicate that depended on big winnings from all types of slots as part of their income. The method they used had to be powerful and it also had to beat just about every type of machine there was.

They had an army of players around the country that were winning thousands of dollars in profits every day and they were doing it from playing ALL machines. They could not pick and choose which machine to play because in many areas of the country only certain types of machines were available!

The BAN-UPP method works on every type of slot machine there is so YOU can walk into any casino and walk out with a small fortune by following the simple rules! This is a method that is more than just powerful...because the user can control when the machine will pay out. Many casinos would call this cheating...but using it is 100% legal...and the casinos

absolutely cannot determine who is using it because when you use it you look just like any other player...with one big exception...you'll be winning steadily...smashing out huge profits every day...and even every hour!

Establish The "Payout Cycle" For ANY SLOT And "Tell" The Machine When To Pay YOU The Secret GIFT... "WAITING JACKPOTS"

What's A "WAITING JACKPOT"?

There's a gift available from every slot machine to every player...and all you have to do to get it, is to know about it! Slot machines give out two kinds of jackpots, regular jackpots that are released based on total play time and the amount the machine has won... and "waiting jackpots," which are jackpots that are set in reserve for when the machine is getting played heavily on busy days...and all the regular jackpots based on play time and winnings have been paid out.

The waiting jackpots keep the machine giving out smaller amounts to keep players interested. Otherwise the machine would shut down ALL it's payouts...large and small, just when they need the machine to keep players playing on busy days! But, there is a way to tap into the waiting jackpots and win almost at will!

CONTROL THE "WAITING JACKPOTS"

When you play a certain way you can determine what the payout cycle will be for the machine. This means you can collect the machine's biggest jackpots at regular intervals. But, it also means that you can receive a constant flow from the smaller "waiting jackpots" too!

You can control when the waiting jackpots will be released by using a simple method that makes the machine believe it's getting heavy playing action which begins the program that will eventually release the waiting jackpots.

Imagine getting 20 to 50 unit jackpots every two to ten spins for hours and hours. The players for BAN-UPP said this method alone had profits in excess of 200 units per hour. The beauty is it works on every type of slot there is because all slots have almost identical programming!

BAN-UPP Averaged \$250 to \$500 Per Hour

The BAN-UPP slot players took money from the slots at will! They collected huge winnings EVERY DAY...winnings so big that any other slot player would be happy to have them just once! They destroyed every machine they played!

To the average person this may seem incredible, but when you are actually controlling the machine's payout cycle you are doing more than just winning... you are dominating the machine in every way! The machine is no longer a gambling device...it's a money machine for the user to extract money at will!

It's very hard to describe what it feels like to have this kind of control at your fingertips. To be able to walk into ANY casino... play any machine you want and know that you will be winning hundreds of dollars every hour by following the simple rules of the BAN-UPP Slot Method! This is the ONLY way to play!

It's EASY and it's 100% legal!

Designed by three former employees of a slot manufacturing company!

Legally STEAL Thousands of \$\$\$ Every Day from Horse Racing

Beat Horse Racing Anywhere! You can play at the track...Away from the track at OTB or Race Books...Use a "phone bet" account or play over the Internet...YOU CAN WIN ANYWHERE!

How about this . . .

You need some fast cash so you decide to go to the track, your local OTB parlor or race book. If you don't feel like going anywhere you can now make bets over the phone or the Internet. You spend a few minutes to get your plays with the BAN-UPP Racing Method and Whammo...you start to collect! After a few races you've won hundreds on small bets or if you've used the special "pyramid plan" that comes with the method...you're now ahead thousands of \$\$\$!

This is the way the BAN-UPP Horse Racing Method works because this is the most powerful way you can play the races! Spend FIVE Minutes And Hit 70% Winners... WITHOUT The Past Performances With the BAN-UPP method you won't be pouring over the past performances trying to decipher all the information... because that's not the way it works!

BAN-UPP WON Thousands Every Day From Horse Racing Using Just THREE Pieces Of Information!

The Cash Rolled In From Tracks...OTB, And Race Books

Tons of thousands of \$\$\$ were won every day from winning bets on tracks all across the country. The players who were the betting agents for BAN-UPP were NOT allowed to cash any winning wagers!

The BAN-UPP Horse Racing Method won so much money so fast that they didn't want the betting agents in the field handling the huge amounts of cash that would accumulate! All winning tickets were sent to the home office and cashed by 1 of the 3 directors at a later date.

In addition to the regular wagers BAN-UPP also made bets using phone-bet and Internet accounts...in this country and off-shore race books. The winnings were staggering! Those who made the wagers didn't even know how to pick the plays... selections were faxed to them. Secretly we were EVERYTHING!

They Won Thousands Of \$\$\$ Every Day At EACH TRACK The "EASY" Way

BAN-UPP spent hundreds of thousands of dollars in research into what is the most effective method for selecting the highest percentage of winners. They succeeded beyond their own expectations when they discovered that combining three SIMPLE pieces of information would give them a fortune at any track under any and all conditions...winter, spring, summer, or fall... regardless of the class of horses!

Separately, these three pieces of information offered no startling results, but when they were combined it was like... "finding a lost treasure"...which is how one of the directors put it.

This Incredibly SIMPLE method allowed BAN-UPP to extract MILLIONS from Horse Racing every year!

The Secret Combination That WINS A Fortune

It's So Simple Nobody Thought Of It! Racing fans have spent decades deciphering the past performances, analyzing the tote-board, using special speed or class figures, plus a host of other "worthless" bits of information. The fact is the way to win a fortune at horse racing has NOTHING to do with any of these things! The way to hit the highest percentage of winners you've ever seen and cash on horses that pay up to 40, 50, and even 100 to 1...is so simple when you see it you'll probably be angry!

This INCREDIBLE discovery made by BAN-UPP is so effective they made money EVERY DAY...

That's right...they NEVER LOST!

This method is the most powerful in existence!

YOU CAN'T WIN USING PAST PERFORMANCES

BAN-UPP Spends \$600,000 In Research To Find Out The Past Performances Are USELESS! Not only can't you win using the PP's... but mathematically it's impossible to win using them! Why? Horse racing is a "Par-Mutuel" event. This means that information that is available to everyone will eventually be cancelled out by the number of people using it in relationship to the odds the horses go off at. In other words...whatever information "everybody" has, MUST become unprofitable eventually!

At one time the PP's were profitable, but that was a very long time ago when only a limited number of people had them. But now, everybody has access to the same thing...there's no way it can possibly win... as you probably already know. You need something new and powerful and the BAN-UPP Horse Racing Method fits that description perfectly!

BAN-UPP Horse Racing Method... The SIMPLE WAY To Win At Least \$1,000 to \$2,000 EVERY DAY

Never played the horses before...if you can read and can count to ten...you can win a small fortune every day!

The BAN-UPP Horse Racing Method is so simple you can be selecting 70% winners within a short time of receiving it...even if you have never seen a horse race!

Something doesn't have to be complicated to work. People just believe it "should" be complicated so they make it that way. The fact is this method can turn ANYBODY into a big winner right away! It's so easy to use you'll be shocked at how INCREDIBLE it works!

Hit Winners From \$4.00 to \$100.00

Imagine hitting 60% of all Daily Doubles... and 50%, AT LEAST, of all Exactas and Perfectas... using only two to four horses in each race! You can win thousands of \$\$\$ every day at just ONE

TRACK on small bets...because you have the best of all worlds in racing...the biggest win percentage for straight bets hitting the 20, 30, and 60 to 1 longshots... and the highest possible win percentage for the exotic wagers where you can win thousands on just one race! You get huge winnings every day from using a COMPLETELY MECHANICAL method that is so simple it takes only a few minutes to get your plays! It really works...and ANYONE can win using it!

Beat ALL Races ALL The Time

The BAN-UPP Horse Racing Method is NOT a seasonal method that only works "sometimes"... it works ALL the time regardless of the season or track conditions! It doesn't matter if you can only wager on cheap horses at cheap tracks...you'll still win every day! This INCREDIBLE method even beats the Fair Tracks!

BAN-UPP Destroyed All Types Of Races, Any Class Or Distance From the cheapest Maiden Claimers to the Triple Crown races... the BAN-UPP Horse Racing Method cleans up! You beat every type of race at EVERY distance... from four furlong "baby" races to 1-1/2 mile routes! It even beats First-Time- Starter races where none of the horses even have races!

The Pick-Game Flaw That's So Obvious It Can't Be Seen!

My "Pick-Game Blaster" is based on a simple flaw that the designers of the Pick-3 and Pick-4 column games knew about over 30 years ago. They never corrected it because they knew that something as obvious as this flaw was...NO ONE WOULD BELIEVE IT! Using the flaw allows the user to MULTIPLY the power of the strongest numbers, while at the same time making the weakest numbers (the numbers you do not want to play) even weaker! It actually allows the user to CONTROL these two groups of numbers for their OWN BENEFIT! IT'S AMAZING and it ALWAYS WORKS!

While others are dreaming about hitting million dollar jackpots...I'm raking in THOUSANDS of \$\$\$ EVERY WEEK playing daily Pick games!

You can try for a lifetime trying to hit a multi-million dollar jackpot...or YOU can use my "Pick-Game Blaster" and GRIND out THOUSANDS EVERY WEEK...week in and week out! What sounds better to you...KNOWING you're going to win EVERY WEEK or hoping to win just once? I was once the biggest lottery loser ever. I lost over \$100,000 over a period of years trying to cash a million dollar winner. But then I discovered, through a complete accident, the most obvious UNSEEN FLAW in the daily Pick games. A flaw that is so obvious and SIMPLE it's almost IMPOSSIBLE to see unless you know what to look for. I took this flaw and built the MOST POWERFUL Lottery system ever devised around it. This idea is so strong I have NEVER had a losing session in the entire 14 YEARS I've been using it!

The "Gibbes Lottery Method" is your ticket to a FAST FORTUNE! Would you rather be holding a handful of past due bills or thumbing through a pile of CASH?

...It's YOUR Choice!

How do YOU want to make your FIRST FORTUNE?

Which game would you like to beat....take your pick, because the "Gibbes Lottery Method" has beaten them all in the past and continues to beat them **NOW!**

Fortunes are being made by people just like **YOU**...who were tired of being treated like a slave at work...or sick of trying to make ends meet.

You can finally beat the lottery but only if you use something that REALLY works...and the "Gibbes Lottery Method" does just that...IT WORKS!

HOW does it work?

You can't use one method to beat ALL lotteries!

Each lottery game is different because the exact numbers involved are different. Having even one more number to choose from can change the entire probabilities for each draw. **YOU SIMPLY CAN'T USE THE SAME RULES TO SELECT THE WINNING NUMBERS FROM GAMES WITH DIFFERENT TOTAL NUMBERS!**

For example...if the game you are playing has 39 total numbers to choose from there are a completely different set of possibilities when compared to another game with 47 numbers. **If you use the same rules for both games...you will lose, just like you have been doing!** It's the same with ALL games, even daily Pick games like the Pick-3 and Pick-4. These two games are completely different! If you use the same rules for both you'll have dismal results!

The "Gibbes Lottery Method" uses specific rules for each game that are designed to identify the "right" numbers to play at JUST THE RIGHT TIME! You'll know RIGHT AWAY the best numbers to play for each game and EXACTLY WHEN TO PLAY THEM! This is not a hit or miss method...

...the "Gibbes Lottery Method" has very SIMPLE rules that tell you EXACTLY what to do! There's no need to wish or hope for a jackpot...just follow the rules and WIN A FORTUNE!

NO MORE GUESSING WHICH NUMBERS TO CHOOSE!

Sick of trying to figure which numbers to play for each lottery game? Unless you have a **proven WINNING method**... "guessing" will not make you a winner! The "Gibbes Lottery Method" is a proven method designed to BEAT all lottery games. You'll know EXACTLY what to do for each game...**just follow the rules and collect!**

Lottery Expert Predicts Fantasy-5 Game 'Ahead' Of Time

...What are the odds of someone giving out the winning lottery numbers for a high paying lottery game that selects five numbers out of thirty nine when they only list ten numbers?

...Astronomical I am told! But a one time success does not make you a success overall. Okay, then how about when they do it not two, but three times?

...That's exactly what happened last month when

Dr. Nate Gibbes gave out the winning lottery numbers for the state's own Fantasy-5 game, **THREE** times!

...Nate Gibbes (pronounced "Gibbis") has become famous predicting winning Lotteries ahead of time, that's before the draw takes place!

...Let's face it anyone can claim they knew certain numbers were going to show or they had a dream or what not, but this guy actually went on the radio statewide and gave his predictions before the results were known. Talk about putting your behind on the line.

...And guess what, his predicted numbers actually hit. The first time they hit on top, that means all the numbers he gave out were the **WINNING** numbers!

...The second and third time most of the numbers were drawn for hefty consolation prizes both times.

...If you can't quarrel with a win then you can't say anything bad about three of them. For me I remain completely baffled!

WON THREE TIMES!

He claims that he has found the secret that millions have sought for decades, the formula for beating the lottery.

Why do I give him a mention in this article? Because this guy doesn't just claim he can do it, he *has* done it!

I've seen the amazing list of lotteries he's won along with his 'partners', which are mostly friends and relatives and I can tell you that independent mathematicians have verified that there is no way he could be just lucky.

They say that he must either be cheating, which even they admit is impossible or that he

Is The Lottery Over?

...Let's face it the states have had a good run with their lottery winnings. They've spent billions of dollars in years but maybe all that will end soon.

I'm talking about the supposedly statistically impossibility of multiple Lottery winners which keeps occurring all across the country.

You see the odds of any one person hitting the Lottery once is astronomical, every one is in agreement with this. However, more and more people seem to be hitting the Lottery not just once or even twice, but many times.

I'm not talking about hitting small Lotteries with a few hundred dollars as a prize, I mean very large Lotteries which in some cases have millions as the top prize.

How can this be possible? Do these people have a winning secret?

Not only that, for further verification he has a vast 'army' of followers, people who were taught by him (for a fee) how to apply his systematic procedure and they have been rewarded with some pretty large jackpots.

I was allowed to go through his files and even contact as many of them as I wanted and I found an astounding array of winning lottery characters, some of which have collected lotteries that have paid seven figures and up.

I don't know what to make of this amazing story, but you can't argue with happy and winning lottery players-they

Leading this multiple Lottery-winning spree are people like Nate Gibbes who has been either the top winner or a partner in dozens of top paying Lotteries.

He claims that he has a simple methodical procedure that numbers upcoming Lottery numbers with amazing accuracy. He even teaches this method for a hefty price.

As far as I know he has never received any complaints from his buyers and in fact several winners of recent Lotteries have credited his method for their winning tickets.

If this trend of multiple winners continues the states may find regular lottery players may decide to stop playing and the drop off in revenue could be devastating. What do you think, is the Lottery over?

'Lottery-Surgeon' Does It Again

Another hit yesterday for the advertiser dubbed the 'Lottery-Surgeon'. His prediction for winning lotteries have appeared over the past couple of weeks giving out free winning numbers for upcoming lotteries.

This time his numbers came in for the top prize in the state's 'Hot-Lotto' game. This is in addition to other successful predictions he made as well.

In the past two weeks he's also hit several 'Pick' games. Two Pick-Four games and three Pick-Three games. Whatever this guy is using seems to be working. Math experts he's gone beyond being just as no one's luck could last long.

Looks like lottery players are curious about how he does it. **"HOT-LOTTO" WINNER!**

Powerball Winner Won Last Year

The winner of last night's Powerball game, [redacted], had a partner. His partner, Nate Gibbes, was also the winner of another lottery game last year and collected almost \$50,000.

It is not known if the main winner last night also was part of winning game last year but the two have won together before.

The pair was a part of two winning daily 'pik' games last month.

The odds of one winning twice within a few days is very unusual, especially the more games. It happens before but is very rare.

Most people are lucky (and hit just once).

"Lottery Surgeon" Picks Winning Numbers

>>> I just had the most remarkable weekend interviewing an amazing man who is really making a name for himself predicting the winning numbers for lotteries.
>>> I spent the whole day Saturday with Mr. Nate Gibbes, the man dubbed the 'Lottery Surgeon'.

>>> Not knowing anything about the lottery including how its played, the first part of our interview was mainly educating me about how they work. The second part was more fascinating, he explained how he developed a method to actually predict the winning numbers with amazing accuracy.

>>> Before we even started I questioned him about his proof and was buried with a huge pile of copies of winning lottery checks, forms, and records which put all my doubts to rest right away. This guy is for real and I have no reservations about saying that!

>>> He is in medicine but his current passion is beating the lottery and helping others do the same thing. Why would anyone give away or rather 'sell' a method for beating the lottery? He says he's won more than he can use and wants to give others a chance to do what he did.

>>> Before he knew how to win he was a big lottery loser (lost \$100,000 in two years), so he knows how it feels to keep hoping to win and never really getting there.
>>> I wish I had a lot more room to discuss the 'Lottery Surgeon' but let me wrap it up this way, he's honest, charming, and he does know what he's talking about!

LOTTERY 'SURGEON' IS AN EXPERT

Nate Gibbes is a retired doctor and a Lottery expert, what's next?
I just attended a seminar hosted by an ex-surgeon who claims he can predict the winning numbers for any Lottery in minutes.

If that sounds as crazy to you as it did to me then okay, but hold your judgement because before you say it can't be done, this guy actually did it!

You see he also held a seminar last weekend but in this seminar he simply gave the attendees the winning numbers for 'future' Lotteries.

The seminar last night was a review of how those numbers he gave out actually did on the past week's games. From my understanding of how the Lotteries work the results were pretty darn good. From his predictions had one followed the recommendations they would have collected on no less than six Lotteries with the biggest paying about \$28,000!

Was he lucky or does he really have something here? Some of the attendees say he's done this before and the results were also "pretty good". One thing for sure, most Lottery players could use the help!

WON THREE LOTTERIES!

Same Person Wins 3 Lotteries

The winner of last night's Loto game also won two previous games.

Mr. Nate Gibbes was a partner along with one other person in the \$100,000 consolation prize last night.

Mr. Gibbes was also part of two other lottery games. One two months ago, which was a consolation prize jackpot for the CashBall game and another game which was a Pick-4 game.

We were unable to reach the lucky Mr. Gibbes for comment but I'm sure he is busy spending his newfound wealth!

A Steady Lottery Winner? You Can't Quarrel With Facts

Articles on the internet tend to heal and many of their expanders or starting a new one currently

I am referring to Mr. Nate Gibbes, a former doctor and recently turned lottery pro, that has been predicting winning lottery numbers "ahead of time" with a great deal of success!

He says it's part of an advertising blitz to make people aware of his ability.

His standard procedure is simple, he uses the want ads or takes out an "announcement" in the paper and gives out what the winning numbers will be over the next few days for several lotteries. Then he holds a seminar in which he goes over the recent winning games with prospective buyers of his method.

How has he done? Apparently very well. I retrieved several of his predictions and compared them with actual results and I must admit I am impressed. For a dollar

amount of winnings I would estimate his predictions have won over several hundred thousand dollars over a three month period. (I'm not kidding!)

Further verification are the many lottery checks he receives each month from his own past winning lotteries, which I have seen personally. If the states hope to take in more money from their lotteries they better hope Mr. Gibbes doesn't play, they may
